The Arc Testifies at FY19 Budget Hearings

The Arc of New Jersey spent the month of March advocating to increase wages for the Direct Support Professional workforce in the Fiscal Year 2019 Budget. In our continued role as Chair of the Coalition for a DSP Living Wage, The Arc of New Jersey testified before the Senate and Assembly Budget Committees and urged legislators to add an appropriation to address this very critical issue. Our goal this year is to raise the wage by \$1.25 an hour. Executive Director Tom Baffuto was joined in the Assembly by Erika Fortune, (pictured right), a DSP from The Arc of Camden who told legislators how much she loves the work that she does, but how difficult it is to earn such a low wage. In the Senate, Tom was joined by Rene Leyva, a DSP from The Arc of Hudson who also explained how much he enjoys helping people with I/DD but that his wage of less than \$11 an hour makes it hard for him to pay his bills.
