

The app has questions about...

Getting ready in the morning

TRY OUR NEW APP!

Help develop a new app that helps teens and young adults with disabilities speak up for their needs.

This study is for:

- Teens and young adults ages 14-22
- With intellectual disabilities or developmental disabilities such as cerebral palsy, autism, or Down's syndrome

What will you do?

- Meet with us for 1-2 hours either in person or on Zoom
- Answer questions on the app related to the icons on the left
- Parents/guardians will be asked to answer some questions about the teen or young adult

You will receive:

- Up to \$30
- An official PEDI-CAT report to share with teachers and professionals

Additional benefits:

- Your feedback can help make PEDI-PRO better for other teens and young adults
- Encourage you to think about how you do everyday activities that help you be independent

Scan the QR code with your phone's camera to find out if you are a good fit for the study!
