# Monthly Hashtags

Our hashtag this month was #BlackDisabilityHistory!

February is Black History Month, so we wanted to share stories of incredible black disabilities advocates of the past and present, and inspire others to follow in their footsteps! Take a look at the articles below to read about their lives and impact.

March is Developmental Disabilities Awareness Month! We'll be posting quotes, photos, videos, and mini-trainings, so be sure to check out our social media pages all month long. Additionally, members of NJSSAN will hold a virtual Developmental Disabilities Awareness Month event to both celebrate people with IDD and to recognize the barriers that people with disabilities still sometimes face in connecting to the communities in which they live. The event will included invited dignitaries.

We are also aligning with a current Action Alert from The Arc of the United States, "Share Your Story: Why Home and Community-Based Care Matters".

People with disabilities rely on home and community-based services (HCBS) funded through Medicaid to live independently in their communities. People with disabilities rely on HCBS and direct support professionals for help with things like employment supports, getting around the community, dressing, and bathing, taking medication, and much more! But due to a decades-long lack of investments in the system, Medicaid doesn’t have the funding to support everyone. This means people are stuck on waiting lists, direct care workers are underpaid due to stagnant wages, and too often unpaid family caregivers are filling in the gaps in service.
The Healthy Lifestyles Project (HLP) is a program of **The Arc of New Jersey** and receives funding through a grant awarded by **The Horizon Foundation for New Jersey**. The program aims to provide people with I/DD with functional education about the importance of healthy choices related to diet, exercise and stress management.

Let's give a big THANK YOU to The Horizon Foundation for New Jersey for making this possible!

We are now on our 8th grant cycle for the Healthy Lifestyles Project and we are greatly looking forward to continuing to help people with IDD live healthier lives!
