Urgent Action Needed Now to Ensure Sufficient COVID Vaccine Syringe

Supply to Meet 2022 Vaccination Targets

Without action now, the world could face a serious shortage of COVID vaccine syringes by the end of 2022, with potentially dire consequences for the global effort to bring the pandemic under control.

Thus far, this supply has been sufficient to meet the increased needs for syringes sourced via UNICEF. However, to reach the new COVID-19 vaccination targets, and assuming an unhindered vaccine supply next year, there could be a shortfall of up to 2.2 billion auto-disable syringes, according to UNICEF projections. This shortage would only hit the type of syringes that lock automatically to prevent reuse, as required by the World Health Organization (WHO) and UNICEF guidelines. Low- and middle-income countries – where this type of syringe is critical for safety – will bear the brunt of this shortage. We are not anticipating a significant supply shortage of the more standard syringes used in high-income countries. To avert this scenario, UNICEF had outlined urgent but achievable actions that need to be taken. View the actions at [unicef.org](https://www.unicef.org).

Biden Administration to Invest \$650 Million to Rapid Diagnostic Testing in Latest Action to Increase Access to Tests

As part of the Biden-Harris Administration's ongoing commitment to increasing access to COVID-19 testing for Americans and to further strengthen domestic manufacturing of needed tests, HHS will invest \$650 million from the American Rescue Plan to strengthen manufacturing capacity for quick, high-quality diagnostic testing through rapid point-of-care molecular tests and increase Americans' access to them.

As at-home testing increases, the need for follow-up testing in health care settings will likely grow. For example, if someone buys an over-the-counter rapid antigen test at their local pharmacy to take at home and tests positive, they may seek out a health care provider who would conduct another test to confirm that result. This new investment will help ensure tests like these are readily available across the country and can provide results quickly. Learn more at [HHS.gov](https://www.hhs.gov)

FEMA Assistance for COVID-19 Funeral Expenses

Call 844-684-6333 (TTY: 800-462-7585) to apply for FEMA COVID-19 funeral assistance. FEMA is only accepting applications via phone call. The phone line is available from **9:00 a.m. to 9:00 p.m. EDT, Monday through Friday.**

Once registered, FEMA will send the applicant a Request for Information (RFI) which outlines all the documentation needed to process the COVID-19 Funeral Assistance application. For further information, applicants can also visit the frequently asked questions section in FEMA's website at: [FEMA.gov/funeral-assistance/faq](https://www.fema.gov/funeral-assistance/faq). FEMA is providing financial assistance for COVID-19-related

funeral expenses incurred after Jan. 20, 2020, under the Coronavirus Response and Relief Supplemental Appropriations Act of 2021 and the American Rescue Plan Act of 2021.

NJ COVID-19 Updates and More

Do you have questions about when and where you can receive the COVID-19 vaccine, mask requirements, or how to get a COVID-19 test? The State of New Jersey offers up-to-date information, resources, and guidance at our [COVID-19 Information Hub](#).

[Get Vaccinated and Get Your Booster!](#)

Everyone 5 and older should get vaccinated!

Everyone 18 and older should get a booster - as long as it has been at least two months after their one-dose Johnson & Johnson shot or at least six months after their last Pfizer or Moderna shot. Studies show that after getting vaccinated against COVID-19, protection against the virus and the ability to prevent infection may decrease over time. Booster doses provide necessary protection against waning immunity.

The recent emergence of the Omicron variant further emphasizes the importance of vaccination and boosters to protect against COVID-19.

[Don't Get Evicted! Apply for Rental Assistance Before December 15th](#)

The COVID-19 eviction moratorium has ended but the State of New Jersey has created a self-certification process for renters who experienced financial hardships due to COVID-19. If you're behind on your rent due to COVID-19, you may be eligible for protection from eviction, but you must self-certify to get protected. To fill out the form, visit [covid19.nj.gov/renter](https://www.covid19.nj.gov/renter).

In addition, applications for the COVID-19 Emergency Rental Assistance and Eviction Prevention Program remain open through December 15th. Visit [njdca.onlinepha.com](https://www.njdca.onlinepha.com) to apply for both of these programs. Applicants are not guaranteed assistance because the number of applications will exceed current funding for rental relief. All applications received by December 15th will be included in a lottery to fairly distribute the remaining federal funds, so apply now!

[Apply Now for Utility Assistance Programs](#)

If you need help with your utility bills, apply now for home energy assistance!

New Jersey's grace period on utility shut-offs ends on December 31st and applications for the Low Income Home Energy Assistance Program (LIHEAP) and Universal Service Fund are now being accepted.

You can apply for help now from multiple financial assistance programs using the [DCAid Service Portal](#) from New Jersey's Department of Community Affairs.

In addition, if you're behind on your utility bills, contact your utility as soon as possible to enroll in a Deferred Payment Agreement to lower your monthly payment and keep your service on.

Insurance Coverage for COVID-19 Testing

At public testing locations, insurance is recommended but not required. Private testing locations may require insurance coverage.

State and federal laws require health insurers to cover COVID-19 diagnostic tests with no out-of-pocket costs during this emergency. However, in some instances insurance coverage may not apply, so be sure to check with your health plan directly as well as the testing site.

If you do not have health insurance or lose coverage, you may be eligible for free or low-cost coverage (www.njfamilycare.org) through NJ FamilyCare, New Jersey's publicly funded health insurance program. NJ Family Care includes CHIP, Medicaid and Medicaid expansion populations and covers doctor visits, prescriptions, vision, dental care, mental health and substance use services and even hospitalization.

In addition, you can visit GetCoveredNJ, a one-stop shop for health insurance for residents who do not have coverage from an employer or other program. Under the State's new health exchange, individuals eligible for subsidy assistance and premium tax credits will find the lowest net premiums since the passage of the Affordable Care Act more than a decade ago.

Visit Getcovered.nj.gov to learn more and apply for health insurance. Open Enrollment starts November 1, but you can enroll any time if you have a major life change, like having a baby, moving or losing job-based insurance.

COVID-19 Vaccination Information

At this time, the County is administering the Moderna, Pfizer, and Johnson & Johnson vaccines which is approved for adults ages 18 and over at our Brookdale Community College vaccination site (Montessori Children's Learning Center located between Lots 4 and 5 on the Brookdale Community College campus starting Tuesday, Sept. 14). No one under 18 can be given the Moderna COVID-19 Vaccine. **View additional Vaccine/Testing locations.**

The County is also administering the Pfizer COVID-19 Vaccine, which is approved for children ages 5 and up at our Brookdale Community College vaccination site. Anyone under 18 **MUST** be accompanied by a parent or guardian.

All COVID-19 vaccines are now approved for use of Booster doses.

Pfizer: Booster dose can be received at least 6 months after 2nd dose. The options to get Moderna or J&J as a booster dose after completing a Pfizer 2-dose series is also acceptable.

Moderna: Booster dose can be received at least 6 months after 2nd dose. The option to get Pfizer or J&J as a booster dose after completing a Moderna 2-dose series is also acceptable. The Moderna Booster Dose is half the amount of vaccine as the primary series.

J&J: Booster dose can be received at least 2 months after the 1st dose. The option to get Pfizer or Moderna as a booster dose after completing the 1st dose is also acceptable.

What's the difference between a third dose and a booster shot?

Third doses

Who: People are eligible if they: (1) Received 2 doses of the Pfizer or Moderna COVID-19 vaccine AND (2) are moderately to severely immunocompromised*

Why: Helps protect those who did not build enough protection with 2-dose vaccination

When: Eligible starting 28 days after second dose of Pfizer or Moderna vaccine

**Immunocompromised = an individual with a weakened immune system due to certain health conditions*

Boosters

Who: People are eligible if they: (1) Received 2 doses of the Pfizer COVID-19 vaccine AND (2) are 65+, OR a long term care resident, OR 18+ with high risk of severe COVID-19 due to underlying health conditions or workplace exposure? For example healthcare workers, teachers and others whose job puts them at risk of severe COVID-19.

Why: Helps protect those with healthy immune systems whose protection from vaccination has decreased over time

When: Eligible starting 6 months after second dose of Pfizer vaccine

For more information regarding the State's COVID-19 Vaccination approach, go to [covid19.nj.gov](https://www.covid19.nj.gov).

PerformCare

Helping families across New Jersey

PerformCare is the single point of entry for the New Jersey Children's System of Care (CSOC). Help is available for children, adolescents and young adults (up to age 21) seeking behavioral health, intellectual/developmental disability, or certain substance use treatment services.

Available 24 hours a day, 7 days a week — 1-877-652-7624

Families should call if their child's behavior has changed or if they are overwhelmed by challenges at home or in the community. Some common reasons to call PerformCare include:

- Depression and/or anxiety.
- Bullying or being bullied.
- Physical or verbal aggression.
- Intellectual/developmental disabilities.
- Substance use.
- Inattention or hyperactivity.
- Oppositional or defiant behavior.
- Grief from major trauma.
- Concerns from teachers.

Families can also visit PerformCare's website at www.performcarenj.org.

Child-centered care in the right place

No matter what the challenge, the Children's System of Care can help put your child on the path to a better quality of life. Depending on your child's needs, CSOC services include:

- Referral to counseling services.
- Mobile response to stabilize crisis situations.
- Care management for intense and complex needs.
- Assessments to determine your child's needs.
- Behavioral supports for activities of daily living.
- Family support for education and advocacy.
- Respite services for families.
- Substance use treatment (up to age 18).

PerformCare is available 24 hours a day, 7 days a week, 365 days a year. Contact us toll-free (parents, guardians and youth):

Online Portal for Developmental Disability Eligibility

PerformCare connects families to a full array of integrated services for children with developmental and intellectual disabilities. Working together with the New Jersey Children's System of Care, PerformCare has launched a new online portal at www.performcarenj.org. It provides families with easy access and is the first step to become eligible for developmental disability services.

The portal on www.performcarenj.org will help streamline the eligibility application process. This new online portal includes:

- A Web-based application process.
- Requests for application tracking.
- Contacts for support.
- Frequently asked questions.
- Community information and resources.
- Printable application forms to apply by standard mail.

Available for your family 24 hours a day, 7 days a week

With the online portal or a phone call, PerformCare can help connect an eligible family to the developmental disability services their child needs to thrive. PerformCare staff is available to help support families 24 hours a day, 7 days a week, at 1-877-652-7624.

For You/Your Families/Your Students' Families:

NIDA's Toolkit for Out of School Time offers science-based activities and resources on drug use and addiction for educating teens during out of school time (OST). The OST setting—before and after school, in the summer, or any time teens attend a supervised program outside of the typical school time—offers a unique opportunity for STEM (science, technology, engineering, and math) learning.

OR IMMEDIATE RELEASE:

County announces partnership with New Jersey SHARES to offer utility assistance through ERAP

FREEHOLD, NJ – Monmouth County has partnered with New Jersey SHARES to offer utility assistance to income-eligible tenants with up to 18 months of utility arrearages resulting from the COVID-19 pandemic through the Monmouth County Emergency Rental Assistance Program (ERAP).

“The Monmouth County ERAP program continues to find innovative ways to provide tenants and landlords with financial resources to help them recover from the COVID-19 pandemic,” said Commissioner Director Thomas A. Arnone. “I want to thank our partners at New Jersey SHARES for working with us to provide this opportunity to our residents. Tenants affected will be able to access a variety of utility assistance options through New Jersey SHARES including but not limited to electric, gas, water, and/or similar expenses.”

“Through this important partnership with Monmouth County, we welcome the opportunity to put our long-standing working relationship with the State’s regulated utilities to work for the County’s tenants,” said NJ SHARES CEO Cheryl Stowell. “These important ERAP funds will provide up to 18 months of

utility arrearage assistance for those tenants impacted by the COVID-19 pandemic and meet the program eligibility requirements. Tenants who have experienced a loss of income or significant financial hardship and are burdened with significant natural gas or electric bills can contact New Jersey SHARES directly for assistance.”

Monmouth County tenants with outstanding utility bills can contact New Jersey SHARES by calling 1-866-657-4273 Monday through Friday 8:30 a.m. to 5:30 p.m. or by visiting their website at <https://njshares.org/monmouth-county-apply/>. Text messaging is also available – text HELP to 64405 to connect with a New Jersey SHARES customer service representative. Message and data rates may apply.

The purpose of the Monmouth County ERAP is to prevent evictions and homelessness by providing rental assistance for eligible households in Monmouth County making less than 80% of area median income (AMI) in accordance with the federal program guidelines.

“The County and its partners continue to work tirelessly to help identify potential applicants for the Monmouth County ERAP program and assist them with the application process,” said Commissioner Deputy Director Susan M. Kiley. “If you or someone you know is in need of emergency rental assistance, please visit www.monmouthcountyerap.com or call (848) 801-1297 between 8:00 a.m. and 6:00 p.m. Monday through Friday or 8:00 a.m. and 1:00 p.m. on Saturday. If you need further assistance, you can also contact Monmouth ACTS at www.monmouthacts.org or call them at 732-683-2102.”

The Monmouth County ERAP will allow eligible households to receive up to \$30,000 for rental costs incurred on or after March 13, 2020.

The County has received direct funding allocation in the total amount of \$38,410,914.20 from the United States Department of Treasury under the Emergency Rental Assistance Program (“ERAP 1”, “ERAP 2” and “ERAP 2 High Need”).

For more information, visit www.monmouthcountyerap.com or call (848) 801-1297 between 8:00 am and 6:00 pm Monday through Friday or 8:00 am and 1:00 pm on Saturday.

Hunger Free New Jersey | hungerfreenj.org

The U.S. Agriculture Department had [extended the program until June 30, 2021](#), past its normal end date, due to the coronavirus pandemic, and then said last month that it would end on Sept. 30. Tuesday's announcement said it would run through June 30, 2022, instead.

The New Jersey Department of Agriculture suggests families contact their district directly to see if they are participating and information about their individualized plan for the year.

"Each district is different and can approach this in a way that best meets their district needs," the New Jersey Department of Agriculture's spokesman said in an email.

Siblings of enrolled students and those who attend a charter school, technical school or an approved private school for children with disabilities may also be provided with free meals,

Special Pandemic-EBT Benefits Card Issued

In addition, special Pandemic-EBT (P-EBT) benefits are being provided to children who normally receive free or reduced-price school meals. For the 2019-2020 school year, benefits were sent to eligible families. Families received up to \$416.10 for each eligible student for nutritional support during the time that schools moved to remote learning during the pandemic.

For the 2020-2021 school year, P-EBT benefits in the amount of \$99.62 per eligible child are being issued for students receiving free- or reduced-price school meals and are attending schools with a remote learning schedule of at least 5 consecutive days. (This benefit is not available for students at schools conducting classes in person or a hybrid of in-person and remote that don't meet that definition.)

No application is necessary. The majority of P-EBT eligible families participating in SNAP will receive their benefit on their household's existing Families First EBT card. All other P-EBT eligible households were mailed a P-EBT card.

If you have not received your 2020-2021 P-EBT benefits, you should contact your school to confirm the address they provided. If the address is correct or you have your mail forwarded, please wait for the card to come in the mail. If the address is incorrect, call your [local county board of social services](#) for a replacement card. More information is available on the [P-EBT page](#) including answers to FAQs. **Lester Richens, Ed.D.**

A Letter from Monmouth County Superintendents

As district leaders, it is our responsibility to ensure that our school systems meet state and legislative mandates. Throughout the past 15 months as we grappled with a global pandemic, we have developed and implemented complex school re opening plans, relying upon medical expertise, Centers for Disease Control (CDC), and New Jersey Department of Health (NJDOH) guidance. We have worked tirelessly to ensure that our students return to our classrooms. Our outstanding faculty and staff, community partners, and local medical officials have ensured that we met and exceeded all requirements set forth by the guidance in the New Jersey Department of Education's blueprint for reopening schools in September, "The Road Back". Once deemed eligible by the state, we partnered with community medical centers to expedite the vaccination process for our school community members-faculty, staff, and students. Our work in ensuring a safe environment for all has been exemplary.

However, in carrying out the mandates set before us, we have struggled as leaders with confusing, and at times, contradictory guidance regarding masking, quarantining, isolation, and other intricacies brought forth throughout the COVID 19 pandemic. Inconsistencies between varying Executive Orders issued by Governor Murphy have placed members of our communities at odds with school administration-and, one another, over school-based requirements for children. For example, while one mandate requires students to remain socially distanced and masked, even when outside, another announcement is made that allows for no social distancing nor masks during outdoor graduation ceremonies. While athletes have been allowed to compete against one another unmasked, they have not been allowed to shake hands. Such contradictory expectations confuse our public and place school officials in the difficult position of navigating divergent expectations for the same school community. At times, these actions are in compliance with CDC requirements and at other times seem to be school specific. We share your frustration regarding these wildly inconsistent expectations.

As we look toward a normal return to school in September, we will continue to work collaboratively and with a unified voice at both local and state levels to mitigate inconsistencies in state guidance regarding the children we serve. We are united in requesting that Governor Murphy and state officials understand the implications of the divergent guidance regarding COVID-19 protocols for schools upon our children, especially the sharply differing expectations for masking. We will continue to push for measures that guard the safety of our students and staff while taking into consideration the rapidly evolving COVID-19 landscape. We will continue to amplify your voices to state leaders and ask that you continue to make your voices heard with your legislators. Together, we can ensure a vibrant start to the 2021-2022 school year in September.

Thank you for your continued support.

Monmouth County Superintendents

Note that on May 17, 2021, Governor Murphy announced that upon the conclusion of the 2020-2021 school year, portions of Executive Order 175 allowing remote learning will be

rescinded, meaning that schools will be required to provide full-day, in-person instruction, as they were prior to the COVID-19 Public Health Emergency. The NJDOE and New Jersey Department of Health will share additional information regarding State requirements or guidance for health and safety protocols for the 2021-2022 school year as it becomes available.

A Message from the makers of Similac:

The safety of our customers is at the forefront of everything that we do. While health and safety standards and procedures are followed daily at our manufacturing facilities, we want to make you aware of the extra precautions we are taking to ensure everyone stays healthy during this heightened concern about COVID19.

A Message from the makers of Enfamil:

We have added precautionary measures to every step of our formula making process. We will continue to implement advanced risk management strategies as the situation evolves in order to protect and serve our community. Join Enfamil Family Beginnings program to get baby formula coupons and other savings

Order online at Walmart, Target, or Amazon

A Message from the makers of Gerber:

We want to reassure families that we are here to navigate the COVID19 situation and ensure families can access our nutritional formulas, foods and beverages as the response to the pandemic evolves.

Families can find information about discounted products on our website

IMPORTANT NOTICE REGARDING BABY FORMULA:

UNDER NO CIRCUMSTANCES should parents water down baby formula because the exact formulation is needed to give babies enough calories and adding water to formula can cause a dangerous drop in baby's sodium level. This could lead to serious complications such as seizures.

If you find yourself in an emergency where you need formula and are unable to access it through deliver, the American Academy of Pediatrics recommends the following:

Feeding America is a non-profit network of 200 food banks. Many provide free baby food and infant formula. Find your local food bank.

Dial 2-1-1 to be connected to a community resource specialist who can help you find local resources.

Atlantic Farms

Thank you all for 32 years of friendship and support!

The Tobia family and staff of Atlantic Farms would like to take this opportunity to thank you all for your support, friendship and patronage for the past 32 years.

It is with heavy hearts after various business and personal circumstances, Atlantic Farms will no longer be in operation.

It has been an extremely difficult decision to close our doors and fields to all of you. Our rescued farm animals are dear to our hearts as they are to you and we have found new homes on private farms and other petting farms for all of them. The care and welfare of our animals is extremely important to us and their new homes were carefully selected.

With farming roots dating back over 100 years, Atlantic Farms has become an integral part of the Wall Township community - even our very own and beloved dairy cows, Annie and Daisy became the official mascots! We will forever cherish the memories and traditions we created and shared with all of you. It has been so rewarding and an incredible experience providing entertainment, education and enjoyment for you and your families.

Through the years, we have had the privilege to farm over 300 acres in the community as well as help protect its rural history and open space. We are so grateful to the many opportunities that made us who we are today: our farm animals, pick your pumpkin season, providing hayrides at various town events, participating in the Belmar St. Patrick's Day Parade as well as becoming involved as a sponsor for many sports teams, activities, helping the Wall Township Police K9 Unit and so many more.

There will be a farm auction on April 25th, 2020 to sell our tractors, trucks, equipment, antiques and other items.

There will be more information to follow in the coming weeks.

Atlantic Farms has left an indelible mark on the community - thanks to you who have been a part of our farm's history.

We will miss all of you, our valued customers, clients and community. Thank you.
Sincerely,

John Tobia, Owner
The Tobia Family
