# Join Us!

**We invite you to join Council I of the New Jersey Statewide Self-Advocacy Network! The NJSSAN is made up of local regional councils with Council I supporting Hunterdon, Morris, Sussex and Warren Counties.**

**Our Council meets on Zoom on the third Thursday of each month from 5:30 - 6:45 PM. We work on a variety of issues such as: transportation, DSP wage increases, and governmental affairs.**

**Council I is also dedicated to gaining respect and equal rights for all people with disabilities and to support them to live and thrive in the community. In a typical council meeting, we go through our agenda and discuss opportunities to advocate and speak up about disability issues. Our meetings are a safe space and open to any self-advocates in New Jersey who would like to join us! Your level of participation is voluntary, all are welcome to share ideas or just listen along.**
