

PerformCare NJ

A black silhouette of the state of New Jersey is positioned to the right of the 'PerformCare NJ' text.

Connects families with children or youth (under 21) to services for behavioral health, developmental disabilities, and substance use challenges.

NJ Children's System of Care

Contracted System Administrator — PerformCare®

Helping Families

Provides Support and Guidance

Representatives can review options, answer questions, and help families find the right services for their needs

Connects to Services

PerformCare links families to various services such as behavioral health, intellectual/developmental disability support, and substance use treatment.

Supports Crisis Situations

PerformCare can connect families to Children's Mobile Response and Stabilization Services for immediate help.
